Bio

The project was born on 1998 in Barcelona - Spain, by the hand of InqUesT and Blackend with the name 'Morbid Mind'.
With experimenter feel and focused towards electro-industrial sounds; they self-produce some tapes that are distributed by his circle of friendship, without major impact.

On the year 2003, this time in solitary and with renewed forces, InqUesT gives a new course to the project, changing his name to 'Larva'. Due to the technical, social and ideological changes in the band. Now more involved in social topics and with a more powerful sound; more noises and hardness, without losing an apex of his darkness.

In the beginning of 2006 the formation had enriched by the contribution of two new members (M.L. and Anoxia). That give more complex and diverse compositions, and more hard and full of energy live shows.

The first record contract arrives with the CD ‘Diogenes Syndrome’ under Komblok Records (www.komblok.com); who distributes the album in digipack format towards USA and Europe.

The year 2007 starts with the new band’s album ‘Autosectarismo’; self-produced; and distributed worldwide.

At year 2008 Larva signs with Advoxya Records (www.advoxya-records.com) for the release of ‘Voces del laberinto’; that has been mastered by Jan (X-Fusion, Noisuf-X, etc.).
The cd will include two videos as a bonus tracks.

At year 2009 Larva releases under Advoxya Records the fourth CD ‘The hated’; following this, the band starts ‘The Hated Mexican Tour 09’. During 20 days and in a lot of Mexican cities (DF, Puebla, Toluca, Tehuacan, Tijuana, etc), Larva was playing a lot of live shows; with great reviews in the media.

The same year, Alfa-Matrix releases the compilation Endzeit Bunkertracks V with the Larva’s song ‘Come with me’. Larva remixes Unter Null in their new CD ‘Moving on’

On 2010, Larva launches the remix CD ‘Entre agujas’ under Advoxya Records again.
A lot of friends of the band collaborate in the creative process of this album, like (Asseptic Room, Tech Nomader, Extinction Front, Deadjump, etc).
Then another USA/Mexico Tour came again. This time, 35 days and a lot of great live shows; including Los Angeles and Las Vegas.

On April of 2011 Larva launches under the label Danse Macabre Records their work called ‘Und sie aßen sich selbst’. With this work Larva enters on the GEWC German charts.

In June of the same year, the band re-edits as a limited edition the remastered and reworked version of their two first CD’s (‘Diogenes Syndrome’ and ‘Autosectarismo’ on CDBOX format under the label Mutant-e Records.
After that the third USA/Mexico tour start. And again 22 days of great live shows came.
In 2012 Larva finish the CD ‘Broken hopes of a wasted youth’ under Advoxya Records, as a limited special box, with 7” vinyl, DVD, remix CD, t-shirt, and other cool stuff.

In the same year Larva performs in the Wave Gothic Treffen festival, in Leipzig (Germany). The most important festival in the goth/electro/alternative scene. After that, the song ‘Agachar la cabeza’ is included in the compilation Endzeit Bunkertracks VI, under the label Alfa-Matrix; together with a Larva remix of the Freakangel's song ‘Used’.

After this CD Larva start the fourth USA/Mexico tour, during 5 weeks, visiting cities like San Diego, Los Angeles, Tijuana, Mexico DF, etc.

In 2013 Larva launches ‘Where the butterflies go to die’. Is the new band’s work; released by Advoxya Records again, as a limited box with remixes, CD and DVD; in a special hand made box.

After it, the band was touring through USA, Mexico, Russia, Siberia, France, Belgium, Spain, Germany, etc.

In 2014 Larva release ‘The worst of 2004-2014’, a compendium of all the Larva hits during the 10 years of band’s existence, under Advoxya Records. In a special double CD format and limited double digiwallet CD with 7” vinyl.

‘Abominations’ is released as a full red color 12” vinyl, CD and DVD in the last fall of 2015 with great reception from the audience, and international charts.

At the end of 2016 ‘Scars’ is released by Advoxya Records as a double 12” vinyl and CD.

After the growing Russian fan base; Larva is asked to release a special album for the Russian audience. So, at the first quarter of 2018 ‘The sun has set over Russia’ is released as a CD format. Released by Scent Air Records in collaboration with Advoxya Records.

In the summer of the same year, Advoxya Records release ‘Scars The Singles’; three 7” vinyls with new songs not included in the previous ‘Scars’ album and some remixes.

2019 just begin with the release of the first live DVD of the band, called ‘Death on stage, a compendium of live recordings’. Featuring live videos of Ukraine, France, and USA live performances.

And just in the beginning of summer, Advoxya Records releases 'Mundos subterráneos', the newest album from the band; in 12” white vinyl & CD.

In December of the same year, and again under the label Advoxya Records 'Tormented' EP it's released; with 6 new songs, and in green color limited edition cassette.
